# LOOKBOOK SPRING SUMMER '23

*Inspiration*

This season it's time to get in the car with your brothers, push the gas, and drive. Let the road take you places to explore, and enjoy the outdoors together. While the rising sun warms your skin you drive a little faster so the wind will cool you down. And when the evening falls, you arrive at a small village by the seaside, where the smell of the salty ocean, herbs, and spices welcomes you and your mates.

Inspired by these villages and their laid-back culture, the Spring Summer '23 collection focuses on comfort and functionality. From stretchy-soft fabrics to terry cloth, and from fancy knitwear in a wide color range to denim-related styles and chambray - indigo's for that easy-going vibe.

The Spring Summer '23 collection offers some new perspectives, where overshirts take over the function of jackets, slim-fit welcomes loose-fit, and besides the classic suit, it's time to introduce new styles of hybrids with matching pants or shorts. While we keep focussing on expanding the use of natural fibers and sustainable fabrics like linen and Tencel.

When we stand at the water's edge and look out over the ocean, a color palette of sand, desert brown, and moonlight blue comes to life. Supported by brand new accent colors like rose, coffee, and beryl green, all faded by the sun. Combined with prints that find their origin in the surf culture - from kelim to tropical plants.

We understand if your mind is already on vacation mode by now, but let's take a moment for our Spring Summer '23 collection, because it has everything to offer for your next destination.
